

DEDICATION OF THE NEW MERCK CARDIAC EP LABORATORY SPACE

On January 4, 2011, Howard Grant, JD, MD, Lahey president and CEO, and Richard Nesto, MD, chief medical operations officer and chair, Department of Cardiovascular Medicine, co-hosted an intimate reception attended by Clinic staff and Merck family members to celebrate the generosity of benefactor Katharine Merck.

Above left, she cuts the ribbon to officially open the new cardiac electrophysiology laboratory space, which is part of the Katharine E. Merck Cardiovascular Interventional Center at Lahey Clinic Medical Center, Burlington.
