Question and Answer Session

Closing Comments

THANK YOU FOR JOINING US!

Lahey Clinic Symposium 2012

Who Should Take Home The Centerpieces?

As a token of Lahey's appreciation, one guest at each table is invited to take home the floral centerpiece as an expression of the Clinic's gratitude.

Even-Numbered Tables

At the even-numbered tables, the guest who has been a Lahey patient for the greatest number of years is the recommended recipient of the centerpiece.

When did you first start coming to the Clinic?

Odd-Numbered Tables

At the odd-numbered tables, the guest who has traveled the greatest number of miles to attend this Lahey event is the recommended recipient of the centerpiece (centerpiece can be shipped to you, if necessary).

How far did you travel to come here tonight?
