Lahey Health
Urgent Care

When it's not
an emergency,
but it's urgent

LaheyHealth.org/Urgent-Care

Accidents and illnesses happen

When it's not an emergency, but you're feeling the effects of a cold, flu, cut or sprain, count on Lahey Health Urgent Care to provide you care when you need it.

Avoid the long wait and high costs of an emergency room visit at one of our four locations:

- Danvers
- Gloucester
- Lynnfield
- Wilmington
- Woburn

Why visit us

Lahey Health Urgent Care Centers are staffed by Lahey Health physicians and medical teams specifically trained in emergency or urgent care medicine, including board-certified physicians, nurses and technicians.

With on-site X-ray and laboratory services, we can diagnose and treat all of your urgent care needs.

We offer walk-in care early in the morning, in the evening and on weekends.

What we treat

We provide quick medical attention for injuries or illnesses such as:

- Respiratory infections (common cold, flu, cough, etc.)
- Sore throat and earache
- Sprains and minor broken bones
- Cuts, lacerations and minor burns
- Sports and workplace injuries
- Skin rashes
- Minor eye injuries

Other services

At our Danvers and Gloucester locations, we offer additional health services including flu vaccinations, TB testing and drug screenings.

When to go to the ER

Experiencing symptoms of a medical emergency (chest pains, stroke symptoms, difficulty breathing, severe abdominal pain, severe bleeding, coughing or vomiting blood, severe burns or a pregnancy-related emergency?) **Call 911 or go to the nearest ER immediately.**
